

# WILD MEDICINE ACADEMY NEWSLETTER

The Elixirs Course is open for enrolment!

go to  
WMA  
website

## THIS ISSUE

- Message from Sulin: About our first course - ELIXIRS - which is now open for enrolments
- The how/what/why: A getting started guide - giving you some key instructions and information about Wild Medicine Academy Courses
- So you have the info you need to get started, but any questions are welcome, so get in touch, we'd love to hear from you!

## WE'RE OPEN!

Hello to your beautiful green heart, it's Sulin here, and I've just given birth to my second baby (or so it feels as it was a somewhat INCREDIBLE 9 months of creativity that has led to this new beginning for me).

So I am inviting you all to jump onto the Wild Medicine Academy website and join me for the ELIXIR journey. It's the first course up and is a deep dive into ancient holistic healing, alchemy, materia medica, hands on medicine making, refining herbal formulae, reflection, recipes and more. We cover medicines for skin health, ageing, stress, sleep and psychoactives.

More info on ELIXIRS here.

Here's to a joyous and expansive October for us all!

*X Sulin*

# DEAR TRIBE, HERE ARE THE BASICS OF WMA COURSES FOR YOU:

## HERE'S HOW TO BOOK A WMA COURSE IN 3 STEPS

- Head to [www.wildmedicineacademy.com](http://www.wildmedicineacademy.com) and click on 'explore courses'.
- Click on the course you're interested in and if you like 'Add to Cart'.
- Open your cart and complete checkout.

Once you have registered your username and password, login and access your course via the 'explore courses' page once again. Hit 'Start Course'. There's a [video intro](#) on the website here

## WHAT ARE THE BENEFITS OF A WMA COURSE?

- Deepening into the holistic approach with the benefit of rigorously researched and meticulously presented learning materials
- For herbalism and naturopathy students our courses aim to round out education and connect you more deeply to the nature cure approach
- Further discounts beyond wholesale with our trusted organic herb and equipment suppliers is available to students upon registration in a WMA course
- An emphasis on practical herbal medicine making that grows your mastery of manufacture
- Care is taken to accommodate learning for beginners. Everybody is welcome.

## DO I GET A CERTIFICATE?

Once you complete a WMA course with a pass mark in all quizzes, you receive a certificate. It's automatically generated with your final quiz. Woohoo!

## CAN I CLAIM CPE?

It may depend on your association but currently you can write a review of a WMA course to receive CPE from ATMS. It's on my list of grand planning, don't worry!

## HOW DO I JOIN THE COMMUNITY?

Most of us are in the [Facebook WMA Community group](#) so head here to join up. There is a separate group page for registered students as well.

Until the next newsletter...

Love & Light to you all!

*X Sufin*
